

Who

the
astronaut

Who

the
space ship

Where

in space

Who

the rocket

Who

the pilot

Where

around
Jupiter

Who

the moon

Who

the star

Where

in the
greenhouse

Who

an
asteroid

Who

the
comet

Where

from the
space ship

Does
what

grows
plants

Does
what

flies

Where

on the
moon

Does
what

drives
a rover

Does
what

rides a
moon buggy

Where

on a
space walk

Does
what

is made of
cheese

Does
what

found
a rock

Where

on Mars

Does
what

goes fast

Does
what

sleeps

Where

on a cold
planet

Does
what

turns upside
down

When

last year

When

right now

When

everyday

When

on my
birthday

When

Friday
night

When

yesterday
afternoon

When

since
Tuesday

When

this
morning
